

# The Academy of Sciences of Mozambique (ASM)

---

Orlando A. Quilambo  
President of the Academy  
[oquilambo@rei.uem.mz](mailto:oquilambo@rei.uem.mz)

# How to help young scientists and how to involve them

---

In strengthening of the Academies?

# ASM: what is it?

---

- Since 2009
- Inclusive: young scientists
- Multidisciplinary
  - Technological Sciences
  - Natural Sciences
  - Arts and Social Sciences
  - Biomedical Sciences

# ASM's: conditions (1)....

---

- MOSTIS
- Science, Technology and Innovation System
- BUT...
  - System still very weak
  - Low awareness towards the importance of Science and Technology
  - Reduced number of scientists

# ASM's: conditions(2)....

---

- NASAC
- IAP
- TWAS

# ASM's Mandate....

---

- Act as scientific, organized, independent and responsible entity to contribute for the development in broader sense

## ASM's contribution to:

---

- Promotion and application of Science and Technology
- Promotion of research
- Promotion of science education
- Evidence based counseling
- Publication of research results
- Recognition of the scientific research

# How to help young scientists and how to involve them

---

in strengthening of the Academies?

# ASM's help (1)

---

- Continuation of research to increase competence to become member of the Academy:
  - TWAS
  - IAP
  - NASAC
  - Other partners

## ASM's help(2)

---

- Involve the Young scientists through a Section of Young scientists similar to Woman for Science
- Recognition through awards for young scientists

# Young scientist's help

---

- Science Education: Conferences, Science Festivals
- Discovery of talents in schools
- Involvement in evidence based studies on the priorities defined by the Academy
- Promote training for research training and young entrepreneurship

○ THANK YOU
